DIAPER RASH SPRAY WITH ZINC OXIDE

ALMOND OIL

GENTLE APPLICATION

Helps prevent and treat diaper rash. Provides soothing relief for damaged and delicate skin.

Your baby's diaper can disturb the delicate balance of your baby's skin, exposing him or her to wetness and irritation. Even the slightest irritation can lead to redness and diaper rash. Unfortunately, diaper creams are sticky, messy, and often cause pain as you apply the cream to your baby's sore rash with your fingers. The **HALYKOO™ Diaper Rash Spray with Zinc Oxide** is an emulsion spray that distributes micronized zinc oxide as tiny liquid droplets, ensuring even application to your baby's skin, without any messy spreading. It's convenient and easy to use, and by applying at each diaper change you can help prevent diaper rash before it occurs.

The combination of zinc oxide, naturally sourced avocado oil, and certified organic almond oil creates a dual-action protective film to reduce redness, moisturize the skin, and promote healing. The **Diaper Rash Spray with Zinc Oxide** provides a gentle, mess-free way to help heal your baby's sore skin.

MEDICINAL INGREDIENT

Zinc oxide 10%.

NON-MEDICINAL INGREDIENTS

Water, *Butyrospermum parkii* (shea butter) extract, *Prunus amygdalus dulcis* (sweet almond) oil, *Persea gratissima* (avocado) oil, allantoin, glycerin, caprylic/capric triglyceride, citric acid, glyceryl stearate, PEG-100 stearate, microcrystalline cellulose, cellulose gum, d-panthenol, caprylyl glycol, trisodium ethylenediamine disuccinate, 3-phenylpropanol, L-lactic acid, xanthan gum, pentaerythrityl tetra-di-t-butyl hydroxyhydrocinnamate, sodium hydroxide.

RECOMMENDED DOSE AND DIRECTIONS FOR USE

Shake well before use. For optimal coverage, apply liberally and evenly by pressing the spray head as needed at each diaper change, from a distance of around 10 cm onto clean and dry skin.

CAUTIONS AND WARNINGS

For external use only. Avoid contact with eyes. Consult a healthcare professional if symptoms worsen or last for more than 7 days. In the event of an adverse reaction, discontinue use and consult a healthcare

professional. Do not use in case of known hypersensitivity to this product or any of its ingredients.

Read this leaflet carefully and keep for future reference.

STORAGE

Store in a cool and dry place, away from direct sunlight and heat.

Keep out of reach of children.

NO PARABENS

NO COLOURING AGENTS
